## PROJECTS / OPEN-SOURCE

NETFLIX - CLONE | [LINK](#)

Html, Css , Javascript

Designed and implemented a Netflix clone app as part of a personal project to showcase proficiency in web development technologies. The app replicates the user interface of the popular streaming platform, Netflix, using HTML for structure, CSS for styling, and JavaScript for interactive features.

PORTFOLIO | [LINK](#)

Html , Css , js

This portfolio is a reflection of my skills, passion, and journey in the world of web development. Meticulously crafted with HTML, CSS, and JavaScript.

## CERTIFICATIONS
